Former Mokena Nun Heads Mission Group

Sister M. Frances, a former teacher at St. Mary school, Mokena, and her three companions who will pioneer the Community's first foreign mission in Brazil, were honored at a Solemn Departure ceremony Saturday afternoon at St. Mary church, Mokena. The services, conducted by the Rev. Alphonse Coan, O.F.M., of Joliet, with Rev. Cecil Koop, O.F.M., pastor of St. Mary Church, deacon, and Rev. Max Herber, C.P.P. S. (Sub-deacon) were attended by a large crowd of Sisters,

relatives and friends.

In his address to the people, the Rev. Father Alphonse spoke about the nursing and educational work the Sisters will perform among the 40,000 needy people of the Santa Terezinha parish in the seaport city of Belém. He concluded his talk by reading the official letters of assignment, which Mother Timothy Marie, Superior General of the Franciscan Sisters of the Sacred Heart, gave to the respective missionary. The insignia of the missionary, a blessed Crucifix, was then bestowed upon each Sister.

Sister M. Frances, the superior of the new foundation, had been superior-principal of St. Joseph School Danville, the past year. Sister M. Luella had been O.B. supervisor at St. Joseph Hospital, Elgin, for several years; Sister M. Camilla was, until recently, night supervisor at St. Joseph hospital, Joliet. Sister M. Dolores had been pursuing advanced studies at the Motherhouse.

Following the Solemn Benediction of the Blessed Sacrament, a reception was held at the motherhouse, St. Francis Woods, near Mokena.

The Sisters will sail for their equatorial destination in late August or early September.

The Franciscan Sisters also staff Sacred Heart high school at St. Francis Woods, near Mokena.

SOLEMN DEPARTURE ceremony was conducted for four members of the Franciscan Sisters of the Sacred Heart in St. Mary church, Mokena, last Saturday, in preparation of their participation in the foreign mission field in Brazil. Conducting the service is the Rev. Alphonse Coan, O.F.M., Joliet, and next to him is Mother Timothy Marie, superior general of the order, handing out the official letters of assignment. Tri-Kena Girl Scouts Enjoy Week Of Camping

(Pictures inside)

In spite of high temperatures and high humidity, the Tri-Kena Day Camp has completed a well-organized and enjoyable week at Van Horn Woods, Mokena.

Director of the Day Camp, Mrs. Melvin Spiess was assisted by Mrs. Ed Townsend who also acted as program chairman.

Troop leaders were: Lucille Reinert, Alice Kilgore, Carol Schultz, Eleanor Wrath, Faye Eickmann, Mary Harris, Carol Nelson, Marilyn Riley, Theresa Sons Mary Ann Kennard, Marie Noel, Donna Shiek, Thelma Snow, Jean Foley and Dolly Pierce.

Also, Bev Fowler, Rose Palmer, Mrs. Fleck, Mrs. Kreml, Muriel Mooney, Pat Dean, Pat Morrison, Betty Fenstermaker, Shirley Guendling, Barbara Elleng, Shirley Keller and Geri Lang.

In the first aid area, the Day Camp nurses, Ethel Tatro and Ann Federman were very busy catering to minor cuts and patients needing relaxation.

Among the heavy pots and other cooking equipment you would find Norma Reckhemer and also Ethel Tatro.

Other committees and workers were: Mrs. Keith Eck, safety and health; Mrs. Paul Wagner, business manager; Mrs. William Kilgore, Campsite and shelter; Mrs. Victor Peterson, recruiter; Mrs. Leonard Gromnick, buyer, Mrs. Gordon Richards, arts and crafts.

Mrs. Paul Wagner with the aid of the Explorers scouts, Boy Scouts and teen-age girls, supervised the nursery. The Explorers scouts from post #41 are: Bob New-some, Bill Hagen, John Estes, Jerry Konkel, Herman Beck and Ralph Oldt.

Boy scouts from troop #40 are: Ted Osuch and Bill Kennard. The Explorers instructed the boys 8-11 years old in setting up a tent, giving demonstrations in lashing and Indian wrestling.

The younger children were assigned in various age groups to Nancy Snow, Tina Snow, Cindy Markl, Barbara Harris and Cathy Wagner. The youngsters built a "fairly house" and provided the house with handicraft, curtains, and decorated chimneys. The first grade girls were taught to sew buttons and design bracelets. The pre-school children made a village - plus a surprise for mother.

While all this marvelous work was going on in the nursery, mothers were free to instruct their troops in planning meals, preparing meals, building a fire, crafts, singing and taking nature hikes.

Mrs. Rowe, nature consultant, took each troop on a tour through the woods, labeling and pointing out various plants, insects, trees, with a special observation of poison ivy. She also had one Jr. unit lash a table.

The Cadets with their troop leader, Geri Lang, in-

vited another Jr. unit to join them on a 7 1/2 mile hike. The girls came back slightly exhausted but happy!

The Cadets were quite an inspiration to the Brownies and other girl scout troops. They proved it was possible to bake a cake out in the open. They also were responsible for making the pully-lined flagpole for the daily flag ceremonies.

Friday afternoon the round-up included all troops performing in various ways as: skits, songs, dancing and drum beating. The girls sat in a circle wearing swaps, that were exchanged the day before.

The attendance averaged 400 girls daily. This has been one of the largest day camp groups Tri-Kena has had. At the end of the week, each person, troop leaders, directors and scouts, truly felt it was worth the time and effort.

MOVE HOME - The William Littles, of Marley, are now living in a new location. They formerly lived on top of a knoll, south and west of the Marley Community Baptist church, but according to the engineers in charge of routing Federal Interstate highway No. 80 their home would have been in the middle of traffic so they have moved the house. The new location is about two blocks west of where they formerly resided and as the top photo shows it is a woodland setting. The picture at the side shows the site where they formerly lived. The move was made without any damage to house. (Graphic Newspapers photos)

Parents Without Partners will hold its regular meeting Saturday, August 1 at 8 p.m. at Louise Wolf Recreation Center, 15 S. Richards st., Joliet. Guest speaker will be Miss Dew Dailey. Her topic will

READY TO MOVE off from its old location to a new one a couple of blocks away but still on Francis road. The move was made by Mr. and Mrs. L. F. Landrey to make room for federal interstate highway No. 80. The house stood on Francis road south and opposite the point where Slevert rd. joins Francis. FAI 80 will emerge there and Francis rd. is to pass over it. This was a brick veneer structure and before it was moved the bricks were taken off. This picture was made just before actual moving began. All that debris in front was foundation.

HOME ARRIVES at new location on Francis rd. at Green st. to make room for FAI-80, when that highway is built between Hazel Crest and Joliet. This is the Landrey home and this picture shows how a house is brought up over a foundation to fit over an excavation. The move was completed without difficulty and the house is again covered with brick. The movement of the Landrey and the Little homes are the only indications to date that FAI-80 is still under consideration for this area. About three years ago the state highway engineer then in charge of the Elgin district declared that the grading for FAI-80 between Joliet and Hazel Crest would be completed in 1963 and the paving done in 1964 or he wouldn't be holding down his job. He has been transferred to the Cook county district in what is said to have been a promotion.

BUSINESS & FINANCE

BY MAURICE P. ANGLAND

The U.S. house of representatives has passed legislation to create added recreational facilities in the Burns Ditch area of southern Lake Michigan shore. This legislation is now to go to the senate for consideration and reports are that there will be some suggested changes, but that final passage will be had before adjournment of congress.

The settlement of the "Burns Ditch Dunes" issue, permits prompt action on the Burns Ditch Port lake port which will be adjacent to the new Bethlehem Steel plant which is expected to begin producing steel by the close of 1964.

The state of Indiana has been pushing hard for this Burns Ditch port, but to develop, federal permission was required and financial aid could bring more prompt completion of the project.

It is interesting to note the changes that have taken place in production of steel, chemicals, refined petroleum products, etc. in the Calumet area, during the past ten years.

The Burns Ditch District has been recommended as a desirable Lake Mich-

igan port, several times by surveys made by Army Corps of Engineers. These reports were relegated to "further study" status and added the dust of several years before a further survey was ordered.

It seemed as tho some group was resisting creation of such a port.

The report suggested that the port facilities be such as to permit a ship to dock with minimum to tug aid at what are called "slips". A substantial amount of ship operation costs, is in port charges, ie dockage, tugs, loading and unloading charges and included in these loading and unloading costs would be labor costs. Like any other industrial equipment, profitable use depends on time used in specific job for which equipment or facility was created. "In port time" is not considered productive time!

The Calumet District is now the "Steel Capital of the World." The new U.S. Steel mill in Hammond area in addition to the Bethlehem Steel plant at Burns Ditch, make the area the world's largest producer of steel.

A new announcement by U. S. Steel that it is going to

build the world's first rolling mill to produce tissue-thin steel foil, at its Gary facility, is likely to give our area an added inducement to the packaging industry.

This foil (at .002 inch thickness) was first introduced April 15, 1964 and its reception was such that U. S. Steel is rushing the new production facility. The new plant will produce black plate and tin plated steel foil at as low as .001 inch thickness and up to 42 inches in width. A coil of this foil can be up to weights of 40,000 pounds.

All this has had a heavy impact on the fortunes of railroads operating in the Calumet area. The Chicago South Shore and South Bend Railroad was a commuting road only a few years ago. It is now serving a heavily industrialized area where much freight originates. Its freight percentage is now well over 50 per cent.

The canal system from Chicago and Lake Calumet to Lockport area, gets little public attention, but with present developments, packaging firms will doubtless be interested.

Shower Given Recent Bride At Marley

Mrs. Morrie Goodwin, recent bride, was honored at a miscellaneous shower on July 17 in the Fellowship Hall of the Marley Church. Mrs. Goodwin is the former Miss Doris Handorf.

The hostesses were Mrs. Francis Nelson, Mrs. Kenneth Nutter, Mrs. Royal Corp and Mrs. Daniel Sass. Decorations were in yellow and white. Mrs. Goodwin's corsage was of white carnations with yellow accents.

A shower game was played and a prize given to the winner, Mrs. Amos Burns. After the gifts were opened refreshments were served from a long table covered with a white linen cloth. The table was appointed with an arrangement of yellow-shaded candles in crystal holders.

Mrs. Corp presided at the Silver coffee service and Mrs. Nutter at the punch bowl.

MR. AND MRS. MORRIE GOODWIN were wed at Marley church on May 9. (Winke photo)

Garden Clubs Plan Autumn Flower Show

The Wilmington Garden Club will hold their flower show August 5 and 6 at St. Rose school, 620 S. Kankakee street. The New Lenox club will hold their Sept. 15 and 16 at the 4-H Francis Field. The Lemont club is planning an art program to be held Oct. 12.

Young Exhibitors Sue International Livestock Show; Charge Slander

(CNS) - A 1959 livestock rigging scandal resulted in a \$750,000 slander suit filed against the International Livestock Exposition in Circuit Court Monday.

The suit asks \$250,000 on each of three counts for Douglas Brent, 18, of Standard, Putnam County; Susan McKelvie, 20, of Little York, Warren County; and Edwin Feeney, 23, of Minooka, Grundy County.

According to the trio's attorney, David Holland, they were accused of injecting a foreign substance under the hide of their cattle in order to fill them out for show purposes.

Holland said that a University of Illinois autopsy on the steers resulted in a verdict that there was "no paraffin, to fixing and they were Jim Dandy cows."

The three had entered various yearling steers in contests at the International Livestock Exposition of 1959.

According to the suit, the Exposition examined the

steers "in a grossly negligent, wilfully superficial, wrongful, improper and malicious manner." The suit also asks that the trio be able to see the report which disqualified them from competition.

The suit alleges that the report "destroyed the good name, credit and reputation" of the plaintiffs and according to Holland, his clients "still feel the repercussions of this report."

Ask Students To Register Early

High school students moving into or out of the District 230 attendance area can help speed their registration for classes this fall, as well as make registration procedures more accurate. Both G. W. Davidson at Carl Sandburg and Ray Bentz at Amos Alonzo Stagg high schools are asking for cooperation from students.

Davidson urged that all students in 10th through 12th grade and all freshmen living south of Route 83 who are not now registered for classes come to Carl Sandburg High School at 133rd St. and LaGrange Road to register as soon as possible.

The school uses computers to schedule students and preliminary runs have been completed. All students who were not scheduled then "can help us by coming to register as soon as possible," he said.

Davidson also urged that students who enrolled last his "Prequalification Rating Notice" as evidence of his competency to bid.

The successful bidder before award must file a sworn statement with the Village showing all uncompleted contracts awarded to him and all low bids pending award for Federal, state, county, city and private work, using the affidavit form furnished by the Village.

The right is reserved to reject any or all proposals and to waive technicalities.

The proposed improvement consists of the following:

ALL STAR GAME AUG. 7

College Stars Boast 3 Top Quarterbacks

The College All-Star football game has a long history of outstanding performances by quarterbacks. Most of the great signal callers of the sport have trotted out under the spotlight in Chicago's Soldier Field for the mid-summer gridiron classic. This year's contest, which puts the All Stars against the Bears on Aug. 7, will be no exception.

Last year Ron VanderKelen, who played only one full season at Wisconsin, led the collegians to a 20-17 victory over the mighty Green Bay Packers. For his feats, which included throwing a 74-yard touchdown pass to his Wisconsin teammate, Pat Richter, which clinched the decision, VanderKelen was voted the most valuable player in the game.

Quarterbacks have dominated the most valuable play-

er voting by newsmen covering the game. The list includes John Hadl, Kansas, 1962; Bill Kilmer, U.C.L.A., 1961; Bob Ptacek, Michigan, 1959; Jim Ninowski, Michigan State, who tied for the award with Halfback Bobby Mitchell of Illinois in 1958; John Brodie, Stanford, 1957; Ralph Guglielmi, Notre Dame, 1955; and Vito (Babe) Parilli, Kentucky, 1952.

When the All-Stars meet the Chicago Bears this year, they will have three fine athletes at the vital quarterback post — George Mira, Miami, Fla.; Pete Beathard, Southern California; and Jack Concannon, Boston college.

Head Coach Otto Graham of the All-Stars, one of the greatest quarterbacks of all time, is well satisfied with the trio. But whether they can do the job VanderKelen did "only time will tell," he says.

Mira is perhaps the most famous football player in Miami's history. He eludes charging tacklers with such verve and consistency that he has been dubbed The Matador. Last season, Mira completed 172 of 334 pass attempts for 2,155 yards and 10 touchdowns.

Beathard has been a smooth performer in the All-Stars' training camp. He throws a good, smooth ball

and is extremely accurate.

Pete set a Rose Bowl record when he threw four touchdown passes in Southern Cal's 42-37 victory over Wisconsin in the 1963 game. In that contest, he threw 12 times, completing eight for 190 yards.

Concannon is regarded as the best quarterback that ever came out of Boston College. In his senior year, he completed 85 of 192 aeriels for 1,328 yards and eight

touchdowns, ran for 281 yards in 94 carries, and scored six touchdowns.

This trio gives the All-Stars competent quarter-

backing for their duel with the Bears. Events in recent years suggest one of these will be the star of the game for the collegians.

Want Ad Leads To Story In LIFE Magazine

LIFE magazine feature writer Patricia Hunt, while searching for material for an animal story, found it in the Want Ads. An Indian Maharajah had advertised a rare white tiger for sale. Miss Hunt got her story for LIFE, the Maharajah sold his tiger, and an American zoo purchased a rare attraction... all the result of a single Want Ad.

Dear Sir:

Webelos Day

Edward Vollmer of Joliet, chairman of the 1964 Rainbow Council's annual "Webelos Day" has announced details of the event to be held on Saturday Aug. 1 at the council's summer camp near Morris.

Starting with registration at noon the following activities will be enjoyed by 100 Cub scouts and 100 fathers or male guardians: Axe safety by Commissioner Ray Vollmer of Joliet; tenderfoot requirements by Kankakee scouts led by Ramie Dionne; first aid by Robert Irwin of Plainfield and William McCauley of Joliet; archery by members of the Joliet Bowmen and led by Commissioner Pat Doolin of Lockport; rifle range by rifle instructors from the Joliet Arsenal; boating by aquatic director Ike LaFaye of the council camp staff.

Following the afternoon events will be supper with each boy and dad to bring a sack lunch.

The day will be climaxed with a campfire led by Commissioner Joseph Martinek of Hampton Park. Explorers of Joliet Post 228 and Lockport Post 54 will act as guides.

mighty arms to the heavens and glorify God and bring peace and beauty and shade to humble men.

And suddenly other men came who didn't live on this road and they had been hired by a township or a county and they staked out a new road and then more men came with hatchets and axes and they hurried from one end of the road to the other and they notched all the beautiful oaks and all the smaller, lesser trees and the bewildered residents tried vainly to find out why this was happening and they were told, "Why, didn't you know! You'll get a new paved road and this is better than your trees and besides THIS has been proposed!"

But most of the people didn't know and they didn't know by whom they had never been told of this pro-

posal and they protested. They protested to their township officials and they were told, "Too late, little man!"

And in a matter of days the road had been staked out and MIGHTY man and his MIGHTY buzz saw destroyed what it had taken God two or three hundred years to make.

And the homeowners on the road? The majority who protested? Well, they cried and their hearts are heavy and all they are told are the clichés of the times - that

this is the Day of the Big Shove and the Day of the Wheel and the Age of Progress and Urbanization and Mechanization and only an IDIOT could love a tree more than a paved road.

And if Joyce Kilmer were here and if he were to write his poem now, would he have written thus?--

"Roads are made by fools like me,

But only God can make a tree."

Maybe so - unless, of course, he owned a hotrod. Mrs. P. A. Flynn

NON-SKID SPAGHETTI

Spaghetti has gone square. The new four-sided spaghetti is supposed to be non-skid, less soggy and clings to sauce better. The first "square" spaghetti was made in Abrezzi, Italy in the 17th Century when a housewife cut the dough with her husband's guitar strings.

You don't need to use your old guitar for a spaghetti cutter -- you can get cash for it by selling it with a GRAPHIC NEWS-PAPER Classified ad. Phone today for an advertiser.

SHORT AND SWEET

When the late Pope John

counterpart. Where the latter
kept warm in cold weather

Dies While Visiting Daughter In Indiana

Mrs. May Fair, 63, of
Mokena, died suddenly last
Sunday evening while visit-
ing a daughter at Lake Vill-
age, Ind.

She had attended church
services in the Evangelical
United Brethren church at
Manhattan Sunday morning
and later in the day went to
Indiana. She was at her
daughter's home when she
suffered an apparent heart
attack and efforts to revive
her were unsuccessful.

Her husband, William Fair
died in 1957. The couple
farmed for many years in
Green Garden township and
upon retiring moved to Mok-
ena. After her husband's
death Mrs. Fair and a daugh-
ter, Miss Elizabeth, contin-
ued to make their home at

Mokena.

There are two other dau-
ughters surviving, Evelyn,
Mrs. Bernard Veld, of Lake
Village, Ind., and Mildred,
Mrs. Clifford Blink, of Green
Garden. Also surviving are
five grandchildren and a
sister, Mrs. Harold Schmitt
who resides at Evanston.

Removal was to the Klemm
funeral home at Manhattan
and the body was taken from
there to the Evangelical Uni-
ted Brethren church, of
which Mrs. Fair was a mem-
ber, at 1 o'clock yesterday
(Wednesday) afternoon to lie
in state until 2:30 when ser-
vices were conducted with
the Rev. Edwin Crause of-
ficiating. Interment was in
Manhattan Center cemetery.

Burglars Hit Frankfort Plant For Second Time

Burglars broke into the
Standard Industrial Com-
pounds Co. office on Center
rd., Frankfort, again Mon-
day night, July 27. This is the
second breakin at the plant
this month, the first burglary
having been committed July
3.

The thieves carried off
approximately \$800 in cash
Monday night. In the first
burglary the cash loss was
around \$1,200. Office equip-
ment was stolen at that time
also.

Full extent of the loss in
this week's breakin probably
will not be determined for
several days, it was said.
The thieves drilled thru a

concrete wall to get in the
safe and every desk and file
cabinet in the place was bro-
ken open, if locked, and ran-
sacked.

A portable TV, some tape
recorders, transistor rad-
ios are known to have been
stolen plus personal items
from the desks.

The burglary was discov-
ered about 5 a.m. Tuesday
when a maintenance crew re-
ported.

Apparently the thieves had
a vehicle to carry off the
stolen goods. There was con-
siderable traffic in a soy-
bean field adjacent to the
plant and a lot of beans
were trampled broken.

Take Bids On Street Improvement Aug. 10

Formal approval of the
road improvement program
for Orland Park by the state
highway department has been
received by the village board
and advertisements are
being published this week
asking for bids by Aug. 10.

Bids will be opened at 8
p.m. on that date in the
village hall.

Formal approval by the
state highway department
was necessary because the
cost of the project will be
met out of the village's share
of the motor fuel tax fund.
The village does not have
sufficient funds to its credit
now to meet the cost of the
program but it will pay part
of it out of general taxes
and reimburse that fund as
motor fuel tax money ac-
crues.

The project will cost ap-
proximately \$52,000. The
village has a credit of

\$23,000 in MFT money now.

The village is getting fig-
ures on painting the water
sphere. In keeping with the
Chamber of Commerce slo-
gan—"Orland Park - World's
Golf Center," the village
board decided to have the
stem of the sphere painted
green and the sphere itself
white - like a golf ball.
"World's Golf Center" will
be painted on the sphere for
all passerby to read. The
contractor, Charles B.
Speelman of Rockford, is fig-
uring the cost again to meet
the new instructions. The
original price was around
\$1,300; with the new spe-
cifications it is expected to
exceed \$1,800.

A report from the Cook
county board of health des-
cribes the Orland Park water
supply as safe and sanitary
and adequately chlorinated.

Midget Pleases Fans

The midget race cars of
the United Auto Racing

Ass'n. will be back in ac-
tion at Joliet Memorial Sta-
dium, Saturday, Aug. 1. The
1963 champion, Russ Sweed-
ler, is scheduled to be back
in the fray, and Gary Bet-
tenhausen, whose car was not
completed last week, is slat-
ed for his debut.

Sweedler, the 'Flying Far-
mer' of Joliet is a well
known competitor and a fan
pleasing driver. Gary Bet-
tenhausen has a big name to
live up to and every one is

wishing him well in the open
cockpits.

Perhaps a new era was
introduced by the 'Chief' Au-
tomotive racing team of Ma-
dison, Wis. last week, when
they fielded a rear engine,
Falcon powered midget of
radical design. This track-
hugging beauty, which close-
ly resembles the famed Lot-
us-Ford, promises to be a
real threat, once the 'bugs'
are ironed out.

The full program gets un-
der way at 8:00 P.M. Time
trials, 7:00 PM. Rt. #52,
one mile west of Joliet.
